# MEMORANDUM

Office of Administration  
Division of Purchasing and Materials Management

**TO:** Laura Ortmeyer  
**FROM:** Julie Kleffner   
**DATE:** October 29, 2015  
**RE:** Solicitation of Competitive Proposals for Alternatives to Abortion Program Services

It has been determined that the procurement of Alternative to Abortion Program services by means of competitive bidding would be neither practicable nor advantageous to the State of Missouri. Therefore, the Division of Purchasing has decided, in accordance with section 34.042, RSMo, to utilize the competitive proposal method for the following reasons.

The complex requirements of this solicitation justify the competitive proposal method as being more beneficial than the solicitation of competitive bids. The procurement through the use of competitive proposals will also maximize the state's potential to receive the most flexible and creative solutions from offerors and allow the State of Missouri to select the solution that will provide the optimal combination of price and quality.
